OGM visits L&T CSTI in Mumbai

Exploring partnership opportunities with Larsen & Toubro Construction Skills Training Institutes ([CSTI](#)), an [OGM](#) Team visited CSTI facilities in Panvel on the outskirts of Mumbai, and also the head centre in Chennai. L&T have eight state of the art centres across India where training is imparted in basic trades including formwork carpentry, masonry, bar bending & steel fixing, plumbing & sanitary, construction electrician, welding and others. The training is delivered as an L&T CSR initiative.

The discussions included presentations from both sides, comparing training standards, course curriculum, delivery methods, assessments tools, e-learning modes followed by a tour of the excellent training facilities. Discussions are ongoing on a range of collaborations for training and worker placements for mutual benefit, and to further broaden career opportunities for trainees.

Launch of new RP Global projects in Dubai providing pathways for successful OGM graduates

RP Global has ambitious plans for the Dubai real estate market, with US\$ 1.5 billion being invested to launch two signature projects, in Business Bay and on Sheikh Zayed Road. The first project is a 50-storey residential tower in Dubai, which

Launch of OGM courses in Pakistan

Global Work Force in collaboration with Technical Training Centre, Fauji Foundation, Rawalpindi and OGM Technical Institute will launch trade skill courses in Automotive Service Technology, Welding & Pipe fitting from

will be launched at the end of 2014. The second project, to be launched end of Q1 2015, will be a mixed-use development featuring a 5-star hotel, serviced apartment and high-end retail.

For more information on the projects, please visit <http://rpglobal.ae>

January 2015.

Fauji Foundation, Pakistan, is a prestigious welfare organization under the Ministry of Defence, dealing with multifarious facets including energy, fertilizer, gas, cement, cereals, education, hospitals, vocational institutes etc. They have nine Technical Training Centres spread across Pakistan and deliver various levels of training.

With the addition of OGM courses, the youth will have an opportunity to acquire internationally recognised trade skills that are matched to Australian standards, providing them access to local and international employment opportunities with distinct career paths.
