OGM Technical Institute India Pvt. Ltd registered as a company in India

[OGM Technical Institute Pty Ltd](#) is pleased to announce the establishment of OGM Technical Institute India Pvt Ltd as a wholly owned subsidiary that will focus to expand the OGM footprint in the Indian market.

OGM has received positive feedback on its training programs and pathways to job placement by Indian Industry, Associations and Trade bodies. OGM India can now expand these partnerships on the ground and work with the Indian Ministry of Skills, National Skill Development Corporation and Construction

Skill Development Council in delivering world class vocational training for the construction, mining, energy and resources sector.

OGM IL&FS Welding Batch successfully offered International Placements
Trainees from [IL&FS](#) Ropar successfully completed the certified OGM welding course combining institute learning and on the job training over a period of six months.

The trainees covered extensive institute learning before moving to work on-site developing skills through hands on experience on TIG, MIG and ARC welding assessed by Australian TAFE [KANGAN](#).

The successful graduates have been provided job offers with Nasser S Al Hajri Corporation in Kuwait with base salaries of INR22,000 per month plus overtime and benefits.

Successful Completion of OGM MEP Course at DLF Leighton Trades Training Centre

The first batch of trainees in the OGM Mechanical Electrical Plumbing (MEP) course successfully graduated from the DLF [Leighton](#) Trades Training Centre managed by OGM in Gurgaon. The 6 weeks rigorous training focused on 70% practical and 30% classroom learning with high emphasis on Work, Health & Safety. The trainees will continue training under Supervisors and On-site trainers as part of the program as they develop their skills in an on site working environment. The training course bench marked to both Indian and Australian

We are proud to see our graduates embarking on an exciting career pathway.

standards is delivering skilled workers to industry and enabling workers to be more productive in their current roles and leading them to exciting future career pathways.

OGM CEO meets Australian Trade Minister in Riyadh and New Delhi

OGM CEO, Peter Linford joined Australian business delegations to Saudi Arabia and the following week to India led by Australian Minister for Trade and Investment, the Hon Andrew Robb. The events were hosted by the Australian Trade Commission and were represented by a range of sectors including vocational training. OGM is progressing collaboration with the Technical Vocational and Training Corporation (TVTC) in Saudi Arabia, as well as the

National Skills Development Corporation (NSDC) in India.

In addition to having established OGM India, we have commenced the process to register OGM Saudi Arabia as an in country training provider of vocational skills to Saudi nationals and expatriate workers.
