TVET Advanced Trainer and Assessor (stage 3), International Training and Assessment Course (ITAC) to be delivered in India

OGM in partnership with Kangan Institute is pleased to announce the first delivery of the Stage 3 TVET Advanced Trainer and Assessor Course (ITAC) in India, starting in May, 2017.

The TVET Stage 3 course is where our trainers deliver the TVETC001 Trainer Course and TVETC002 Assessor Course under Kangan Institute supervision. The trainers who have been selected to deliver this course, have had to meet the following eligibility criteria

1. Have successfully completed the Basic and Advanced ITAC courses or Cert IV TAE and Advanced ITAC and
2. Have demonstrated that they understand, have the required level of skills & knowledge to can deliver the basic ITAC Trainer & Assessor course

Based on the very stringent eligibility criteria, 7 trainers have been selected from the 15 participants who attended the stage 2 advanced program. They will be delivering the

trainer & assessor course to Leighton participants under the supervision of KANGAN.

If you would like more information on this, please contact Aminur Rahman by email ar@ogmti.com.au

First 9 Months Trade Skills Training Starts at the NSH Fabrication Training Centre in Dammam

Skills training for Saudi nationals has started at the NSH Training Centre in Dammam from April, 2017.

The first 9 months course starts with an intensive 3 months English language and also includes safety and soft skills units. After which the trainees will then start their skills training in either Scaffolding, Pipe Fitting or Welding and this also have an on-the-training component.

The training started with 57 trainees and this will be increased to over 90, once the third classroom has been added. In addition to this we are looking at introducing a second shift for which new trainers are currently being recruited.

Pictures above show the trainees attending the English language class and interacting with the Instructor
